

Nkosi Ife  
Bandeke

Scott Free is an on the road story about an African American aspiring filmmaker stuck, ironically, working the concession stand at an upscale New York City movie theatre, while also trying to negotiate his dead-end relationships. He hops a Greyhound Bus \$99 Special, but en route to Hollywood lands in San Francisco where he becomes a professional toilet bowl cleaner, "Scotty Tissues," and realizes that his life West resembles his life East as there's really no escaping oneself.
