

THE INSPECTOR SHEEHAN MYSTERIES BOOK FOUR

# THE DARK WEB MURDERS

**BRIAN O'HARE**

Sheehan and his team rush headlong down a series of blind alleys in the pursuit of the psychopath, who continues to murder his victims with impunity. He is fiendishly clever, utterly ruthless, and tests Sheehan's famed intuition to the limit. Indeed, Sheehan only learns the truth during a horrific climax when some members of his team experience a most harrowing 'laceration of the soul' that they will never be able to forget. It is unlikely that the reader will either.
