VIDEO GAME

A multi-millionaire after selling her video game company, Cinni Smythe soon becomes bored. She runs for Congress and is

elected, proving to be adept at internal politics and making enemies in her quest to overcome corruption. When her little brother is almost lost in a botched CIA operation, the race is on to discover who is at the root of machinations both at home and abroad that threaten to destroy the fabric of government, and bring down the president himself.
