WESTERN

Jake is on his way home from Santa Fe when he finds the smoldering remains of a covered wagon. The bodies of a man and two small boys lie near it. In a nearby cave, he finds a young girl. She tells him that her mother and sister were taken by the men who killed her father and brothers. Once the girl is safe, Jake organizes a band of the toughest men in the New Mexico Territory. Their mission: bring back the women at all costs.
