The Bay Area is a sinister, living, breathing entity with a wicked sense of humor. James Bill, Private Investigator, spends most of his time chasing around cheating spouses, but this is all about to change when a mysterious woman enters his office, leaving behind an envelope with an old pawn ticket. No instructions, just a ticket and the name of a pawn shop. The mystery thickens when the woman ends up dead in the basement of his building, wrapped like a mummy in thick cobwebs.
