 RETIREES  
 RETURN TO WORK  
 STORIES

The interviews in this book include those from people who will never retire and those who will retire as soon as possible; people who were truly experiencing the golden years and those who found themselves returning to work. By reading the stories which relay the wide range of retiring experiences, people who are counting the days, weeks or even years until that magical date, will discover that if they fill their lives with all the right stuff, they too will be ready.
