Psychic medium and single mother Sam Jansen's life is in turmoil. Since suffering serious trauma only months earlier, she's lost the ability to communicate with the spirit world and, as if that is not upsetting enough, she's being plagued by involuntary Out of Body Experiences during which she is a witness to horrific, torturous murders.

Dubai Chief of Police Peter Reilly is too busy to take Sam's OBEs seriously. With a serial killer on the loose, the antics of the Russian mafia, and doubts regarding his new Second in Command, he has to prioritize, and frankly, Sam's latest spiritual insights sound incredulous and outlandish. Surely those OBEs are mere dreams. Her life is not in danger for 'witnessing' any murders and neither is Sam's five-year-old son, Eddy. <http://myBook.to/Misjudged-Jansen>
